Join Alexander Wennstam this spring for a golf getaway at one of Europe's premier training facilities, Costa Ballena Ocean Golf & SPA, with golf on two different premier golf courses included.

From March 20<sup>th</sup> to 25<sup>th</sup>, we'll travel to this stunning golf resort located just south of Seville and west of Cadiz. Set in a beautiful golf environment, Costa Ballena offers 27 championship-level holes and a 9-hole par-3 course.

We will also get to play the Montecastillo Golf Course, a long and demanding course, routed thoughtfully across rolling Andalusian terrain.

Over the years, Costa Ballena has hosted several international tournaments. It is designed by José María Olazábal who has created a versatile course challenging everyone from beginners to scratch players. According to the PGA of Sweden, this is one of Europe's best training facilities.

We'll be staying at the Costa Ballena Ocean Golf Resort & SPA. Here, you'll find everything needed for a relaxing holiday: golf, a spa offering various treatments, a gym, paddle courts, and other sports activities.

We will enjoy golf training sessions on select days under the watchful eye of our golf professional, Alexander Wennstam, providing the perfect preparation to be game-ready just in time for the 2025 golf season as it starts to heat up.

Costa Ballena is simply the perfect place to kickstart the golf season in a great setting with a group of other keen golfers. I hope you will join me!
